# About Palmetto CAP's Community Resource Analysis

This resource guide analyzed more than 200 resources in the Charleston Tri-county area. These resources all have one thing in common: they cater to economically disadvantaged individuals. The categories for resources are *Shelter*, *Food*, *Health Services*, *Employment*, *Youth Services* and *Asset Building*. The *Shelter* section features resources for rent/mortgage assistance, emergency housing, transitional housing and affordable housing. The *Food* section features resources that provide food assistance. *Health Services* has resources that provide free and low-cost medical and dental services; prescription medication assistance; and various forms of preventative care. The *Employment* section highlights various resources that can assist workers looking for jobs with job placement services, training opportunities and organizations that provide work support. The *Youth Services* section gives the reader resources that provide youth and their parents with enriching programs and supportive services. The *Asset Building* section lists organizations that can equip families with the skills and knowledge needed to increase their economic stability through financial literacy initiatives.

This analysis provides the reader with an easy comparison of programs, their eligibility criteria and contact information. Start by reviewing the programs and services Palmetto CAP provides and then compare what other organizations have to offer!

If you have any questions about the guide or want to send an entry, please e-mail [choward@palmettocap.org](mailto:choward@palmettocap.org) or call 843-724-6760 ext. 235.

**\*Please note:** When a service area is described as "Tri-County", that means that the organization serves Charleston, Berkeley and Dorchester counties. Other designated service areas are detailed.
